

Konyalilar Tekstil placed order for 7 dyeing machines

Konyalilar is one of the most important companies in the home textiles sector, which is very well known for its high-quality home textiles such as curtains, upholstery, piqués, bed sheets and many comparable articles. Fabrics are also made for a wide range of fashion.

The fabrics are made from cotton, polyester, polyviscose and blended fabrics as well as silk and linen. The products are sold under the Etuval Home Collection brand. In addition, a large part of the production is sold to the manufacturers of very well-known brands.

Konyalilar has taken delivery of six RAPIDDYE® with a capacity of 50, 100, 200, 300 and two times 400 kg. The customer also opted for a BEAMDYE® with a capacity of 200 kg for dyeing and bleaching PES curtains.

With its outstanding performance and reliability the new KRANTZ machines perfectly fit into the machine portfolio of the customer and are a major step towards an even increased productivity and sustainability.
